

Brief CV

Name	Ming-Yang Chen	中文名	陈明阳	
Gender	Male	Title (Pro./Dr.)	Professor	
Position (President...)	Director of Department of Opto-Electronic Information Science and Engineering	Country	China	
University/ Department	Jiangsu University, Department of Opto-Electronic Information Science and Engineering			
Personal Website	http://sme.ujs.edu.cn/info/1311/4769.htm			
Research Area	Microstructured optical fiber, Optical fiber sensor, THz waveguide			

Brief introduction of your research experience:

Professional Experience:

2014-present Professor, Jiangsu University, China

2014-2015 Visiting Research Fellow, Department of Electronic Engineering, City University of Hong Kong

2007-2014 Associate professor, Jiangsu University, China

2006-2007 Lecture, Jiangsu University, China

Honors and Awards

1. The second prize Science and Technology Awards of Jiangxi Province, 2016

2. Recognized as an Excellent teacher in Jiangsu University, 2012

3. Supported by Qing Lan Project of Jiangsu Province, a project supporting Young Scientist talents in Jiangsu Province, China, 2010

Main Research Projects

1. In charge of research project entitled "Research on single-mode optical fibers with low-bending loss", Enterprise cooperation project, 2015-2018

2. In charge of research project entitled "Research on ultra-low bending loss optical fibers for Power Fiber To The Home (PFTTH) applications", Enterprise cooperation project, 2012-2013

3. In charge of research project entitled "Transmission characteristics of microstructured core optical fiber", National Postdoctoral Foundation, 2009-2012

4. In charge of research project entitled "Research on the large-mode area optical fiber with a microstructured cladding for high-power fiber laser application", National Science Foundation of China, 2010-2012
